- Skåne is the southernmost region in Sweden. With a population of 4 million inhabitants, the greater region is the most densely populated area in the Nordics.
- With our world renowned universities and science parks the region is also known for innovation and early adoption of new technologies.
- Skåne has a strategic location for logistics, international business and diversity in culture due to its proximity to the European continent and multimodal transport connections worldwide via rail, road, sea and air.

KEY POINT IN SCANDINAVIA'S LOGISTICS TRIANGLE

Malmö, in Skåne Region is Sweden's third largest city and forms a one node in the logistics triangle between Oslo, Stockholm and Copenhagen.

42% of all Scandinavian businesses (with 100+ employees) within a 3-hour drive from Malmö-CPH

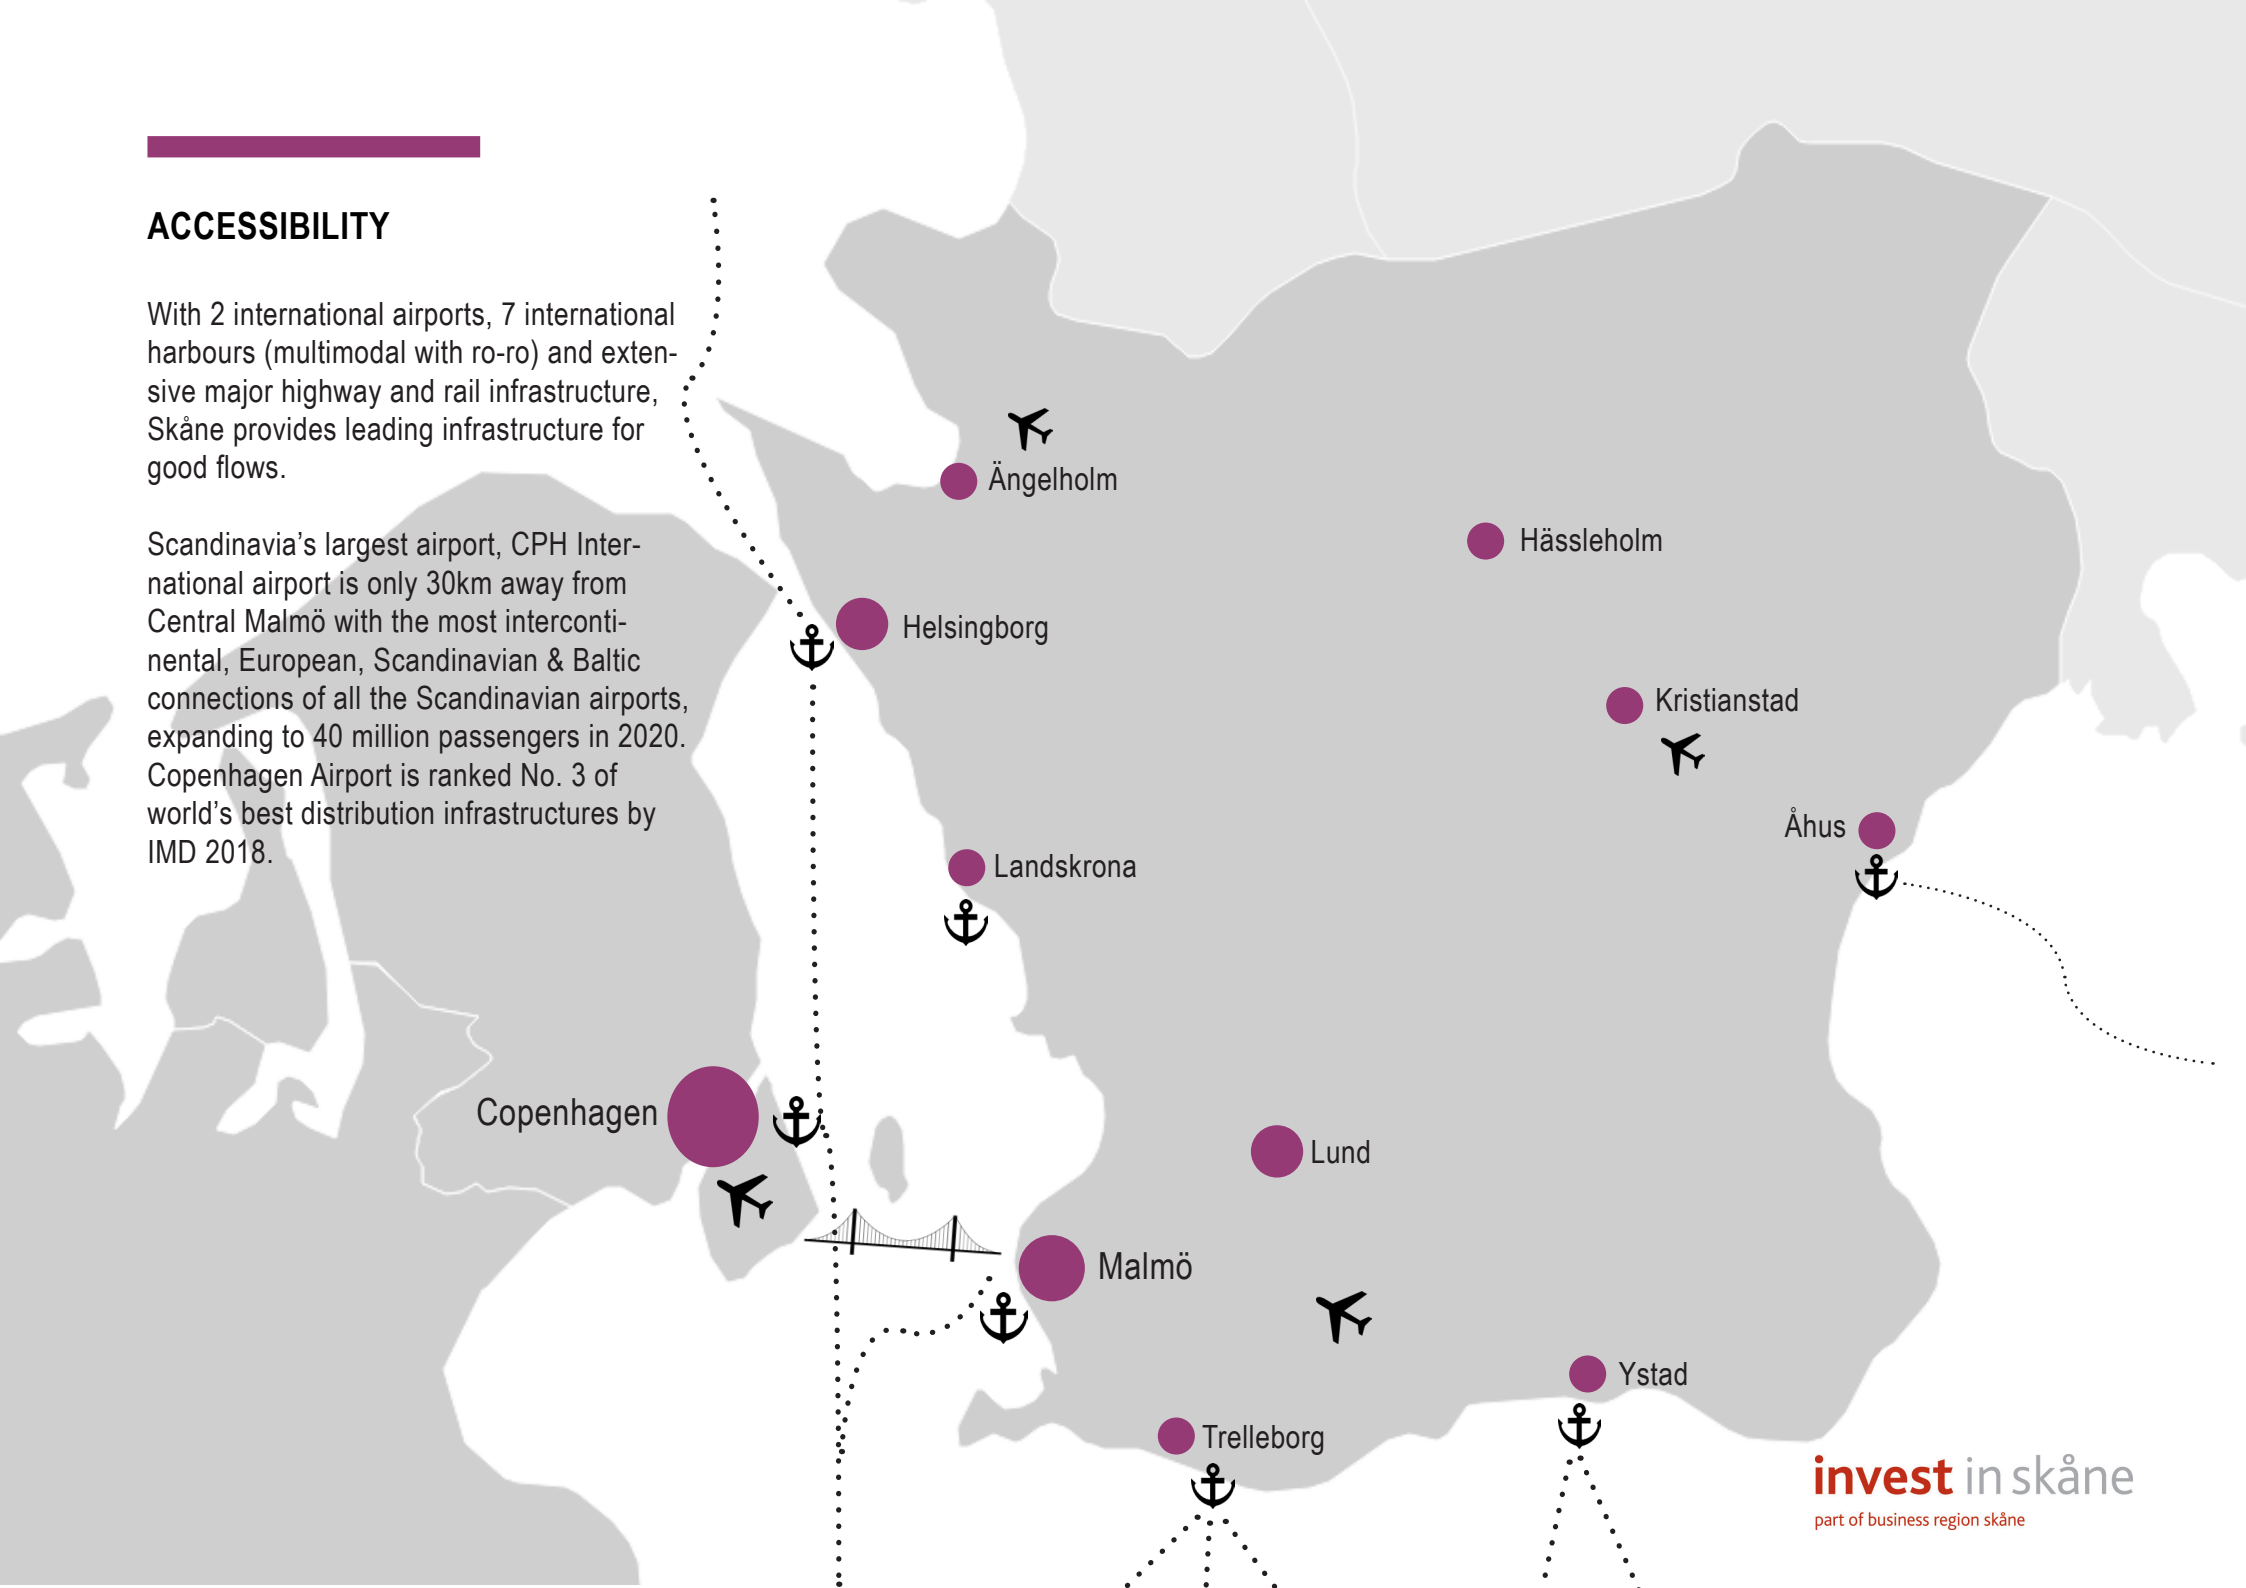

36% of the entire Scandinavian population within a 3-hour drive from Malmö-CPH.

53% of all Scandinavian companies (more than 1 million companies) within a 3-hour drive from Malmö-CPH.

ACCESSIBILITY

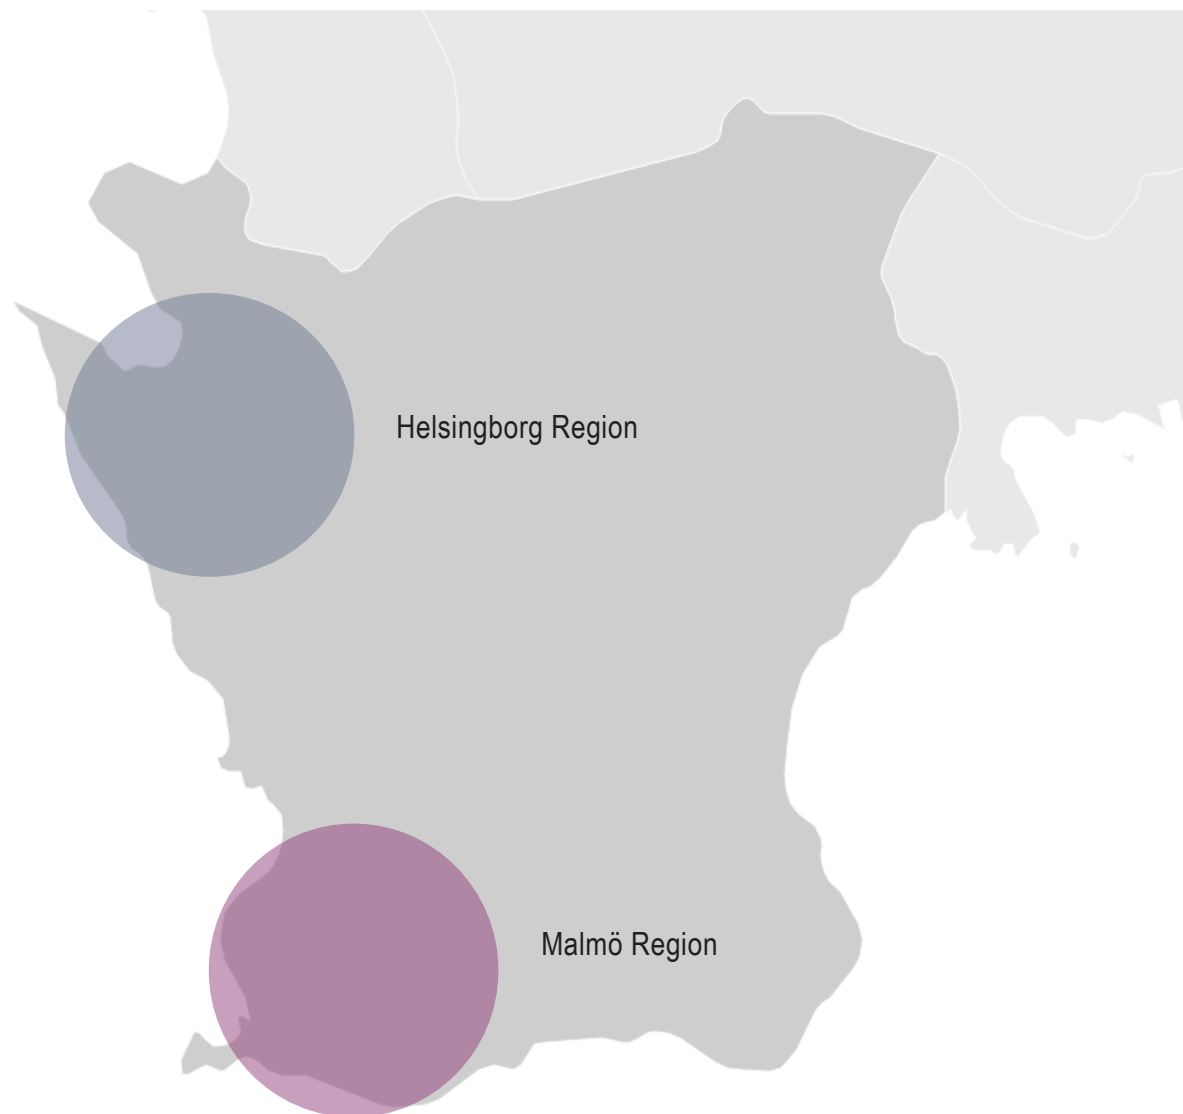

With 2 international airports, 7 international harbours (multimodal with ro-ro) and extensive major highway and rail infrastructure, Skåne provides leading infrastructure for good flows.

Scandinavia's largest airport, CPH International airport is only 30km away from Central Malmö with the most intercontinental, European, Scandinavian & Baltic connections of all the Scandinavian airports, expanding to 40 million passengers in 2020. Copenhagen Airport is ranked No. 3 of world's best distribution infrastructures by IMD 2018.
