

Wanted: Skåne climate tech companies & organisations for delegation to Switzerland

Are you looking for capital & international partners to boost your Skåne-based climate tech company?

Join Invest in Skåne's delegation to HackSummit 2025 in Lausanne.

Date: 15-16th of May 2025 | visit: [Where Climate Deep Tech Comes Together | HackSummit 2025](#)

Who should join?

Skåne-based climate tech startups and scaleups, looking for international exposure and investment. To make the most of this opportunity, delegate company's product/solution should preferably possess a technology readiness level TRL 6, or higher.

What you get?

- Showcase your climate innovation at the Skåne expo pavilion
- Visibility in Invest in Skåne channels and on HackSummit event platforms
- Forge new connections using the HackSummit partnering app to book 1:1 meetings
- Exclusive networking opportunities and attendance of side-events, providing access to Europe's key voices in sustainability and tech.

Built Environment

New Manufacturing

Carbon Removal

Climate Adaptation

Infrastructure
